

VOTE YES ON CC

FOR CRITICAL CARE IN MARIN COUNTY!

Vote YES on Measure CC, to protect local access to life-saving emergency care and hospital services close to home by keeping MarinHealth staffed, equipped, and ready!

For victims of heart attacks, strokes, and accidents, seconds mean the difference between life and death. Measure CC ensures that we have access to life-saving medical care when we need it most.

In Marin County, access to emergency care is especially critical — we have only one major freeway, and traffic delays to the nearest hospital in San Francisco or Sonoma can exceed an hour.

MarinHealth Medical Center is the only designated trauma center in Marin County — and a full-service community hospital providing emergency care, heart and stroke treatment, cancer care, surgery, and mental health services. Studies show that trauma center care can **increase survival rates by up to 25%**.

Vote YES on Measure CC to:

Upgrade medical technology for heart attacks, strokes, and cancer

Modernize intensive care, trauma, and triage facilities

Expand ER capacity to reduce wait times and overcrowding

Improve outdated operating rooms, labs, and imaging facilities

Improve mental health, addiction, and suicide prevention services

Modernize hospital facilities for earthquake safety

Attract and retain highly qualified doctors, nurses, and specialists

Measure CC requires strict fiscal accountability:

Ensures that MarinHealth Medical Center remains a public, community-owned hospital

Every penny stays local and cannot be taken by State or Federal governments

All funding must be spent as promised and not on administrator salaries

Independent oversight and audits

When an emergency strikes, we need quick access to excellent medical care.

Join local first responders and doctors who rely on MarinHealth every day to save lives.
Vote YES on Measure CC!

Measure CC is proudly endorsed by local doctors and nurses, Congressman Jared Huffman, the Marin County League of Women Voters, the North Bay Leadership Council, the Marin Democratic Party, and more! Learn more about our endorsements and the measure by scanning the QR code to the left.
